

Investing for Success

**Under this agreement for 2017
Golden Beach State School will receive**

\$297,012*

This funding will be used to

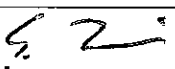

- Assist our school in moving children to the National Mean Score for Literacy and Numeracy.
- Increase student performance in literacy (reading, spelling, writing) and numeracy in the upper two bands.
- Ensure all students receive quality teaching in literacy and numeracy.

Our initiatives include

- Provide a clear understanding and expectations to teaching and non-teaching staff in literacy (reading, spelling) and numeracy.
- Increase capacity to deliver focused teaching in reading.
- Increase capacity to deliver focused teaching in number and computational fluency.
- Provide coaching and mentoring to improve knowledge and expertise in the teaching of literacy with a key focus on reading and numeracy with a key focus on number.
- Increase in human resources for reading across the P-3 sector.
- Deliver intense support programs in oral language, reading for students identified in the P-3 sector.

Our school will improve student outcomes by

What	Target	Amount
Increased teacher aide support for literacy and numeracy	P-6 teacher aides: each year level and teacher has assigned individual support for literacy and numeracy	\$207 012
Coaching literacy	100% of Literacy team members deliver coaching and mentoring in the teaching of literacy to year level.	\$45 000
Coaching numeracy	100% of numeracy team members deliver coaching and mentoring in the teaching of numeracy to year level.	\$45 000
